

FAMILY SCHOLARSHIP WINNERS FOR CHILDREN WITH AUTISM

Congratulations Dylan! (age 7)

Dillon was awarded a \$1,500 scholarship donated to Launchpad Occupational Therapy. These funds directly paid for Dylan's occupational therapy sessions assisting him with sensory issues. Diagnosed with autism at 2 1/2 years old, Dylan continues his busy schedule each week that can include speech and occupational therapy, music, gym class and more.

Congratulations Jeff! (age 4)

Jeff was awarded a \$2,500 scholarship donated to Kelly McKinnon & Associates. Ms. McKinnon specialized in intensive social skills therapy for children with autism. Jeff was diagnosed as having mild autism disorder at age 3. He has great language skills and enjoys swimming and playing games.

Congratulations Alex! (age 14)

Alex was awarded a \$2,050 scholarship donated to Autism Spectrum Consultants, Inc. to fund a "shadow" for him at school. Funds were also allocated for home therapy sessions. Alex is a sweet, young man who was diagnosed with autism at age 3. He enjoys watching movies.

Congratulations Noah D! (age 9)

Noah was awarded a \$5,000 scholarship, donated to the California Integrative Hyperbaric Center. The funds were used for Speech/Language Therapy sessions as well as occupational therapy sessions. Additionally, Noah received \$1,000 scholarship donated to Breakthrough Interventions. The scholarship was used to fund a "shadow" for Noah during summer camp.

FAMILY SCHOLARSHIP WINNERS FOR CHILDREN WITH AUTISM

Congratulations Greg!

(age 12)

Greg was awarded a \$900 scholarship donated to Autism Spectrum Consultants, Inc. The funds were used for home therapy during the month of August. Therapy sessions include the review of social interactions that occurred at day camp, problem solving skills and the development of appropriate solutions through role play. Other skills developed are peer relationships, organizational and study skills and social interactions. Greg was diagnosed with autism at age 2 1/2.

Congratulations Kenny!

(age 4 1/2)

Kenny was awarded a \$2,500 scholarship. Half was donated to his ABA therapist for shadowing at his pre-school. The remainder was donated to Footprints Behaviorial Interventions in Fountain Valley.

Kenny is a wonderful child who is kind and loving. He was diagnosed with Autism when he was 3 1/2 years old. His parents claim that Kenny is doing very well with his therapy and is interacting much better with peers. This is vital for preparation for Kindergarten.

Congratulations Noah S.!

(age 11)

Noah was awarded a \$2,500 scholarship donated to his ABA therapist for shadowing at his school. His shadow assists him in school with problem-solving, anxiety and initiating friendships with peers.

Noah's strengths include academics...he is a good reader and speller and is a visual learner. His therapy will continue to work on behavior and social skills.

Congratulations Josh!

(age 3)

Josh was awarded a \$1,000 scholarship donated to help pay for his in-home ABA therapy through C.A.R.D. His parents claim they have seen results that "are nothing short of a miracle."

Josh loves to learn. His parents focus on his love of praise and learning new things to help him develop his social skills, friendships with peers and social language.
