“Thank you so very much for giving me the grant to enhance my special day classroom. The new interactive books I purchased are already being enjoyed by my students. They are wonderful new materials that will truly make a difference during my work rotations. I am very appreciative for your generous grant to me for my students.”

“We wanted to thank you so very much for the scholarship for this past summer activities and interventions. It really helped the kids to grow and develop over the summer and also helped me not have to struggle financially over providing support for them during the summer. We are very grateful for your generous assistance. Thank you again!”
